Subject: [Non-DoD Source] Why was my area of Slidell included in a flood zone?
Date: Thursday, August 17, 2023 12:27:58 PM

Last redrawing, [redacted] was included in the flood zone which meant our insurance went through the roof even though we didn't even flood during Katrina. Citizens wanted $9000 a year for an area that has never flooded and all the mortgage companies are now using these thieves. We had to find our own after most of the insurance companies pulled out. How about removing us from the flood zone?
