NAVIGATION BULLETIN NO. 16-99

**GULF INTRACOASTAL WATERWAY**  
**CALCASIEU LOCK**

Mariners are advised not to tie off to nor allow their vessels to rest against the south chamber wall at Calcasieu Lock. This wall is unstable and vessels tying to it or exerting force on it could cause it to fail. Operators at the lock have been verbally advising mariners of this situation for some time.

This navigation bulletin confirms that this situation is expected to continue indefinitely and until further notice.

Calcasieu Lock Lockmaster, Kevin Galley, can be reached at (337) 477-1482 for any questions. The point of contact with the New Orleans District is Victor Landry at (504) 862-2407.

STEVEN G. PATORNO
