CORPORATE

SEAL

NAME

TITLE

CERTIFICATE AS TO SMALL BUSINESS STATUS

The bidder certifies that he (is) (is not) a small business concern within the terms of the following definition: In sales of Army forest timber a "small business" is a concern that: (1) is primarily engaged in the logging or forest products industry; (2) is independently owned and operated; (3) is not dominant in its field of operation; and (4) together with its affiliates does not employ more than 500 persons.

**(From 13 CFR 121.3-9 b), Rev. 29
Rev. 29 Fed. Reg. 2988, 5 Mar 64)**

Date

Signature of Bidder

Intentional falsification of this certificate is a criminal offense punishable by a fine of not more than \$5,000 or by imprisonment for not more than two years, or both. (Title 15, United States Code, Section 645 (a).)

INSTRUCTIONS. This certificate must be attached to and is a part of every invitation to bid on the sale of Army timber with an estimated value of \$2,000 or more. Failure to properly execute this certificate will not invalidate a bid, but a proper statement must be signed before the bid is accepted by the Government. Refusal or delay in executing a proper statement is grounds for rejecting the bid.

SPECIAL CONDITIONS

- 1. PERSONS EXCLUDED FROM BIDDING:** Officers and enlisted personnel of Armed Forces on active duty, civilian employees of the military establishment, and immediate members of their households, dependents, or agents will be excluded from the field of bidders, and bids from such persons will not be accepted or considered.
- 2. FACSIMILE OR TELEGRAPHIC BIDS AND MODIFICATIONS:** Facsimile or telegraphic bids will not be accepted, but modifications by facsimile or telegram of bids already submitted will be considered if received prior to the exact time set for the opening of bids.
- 3. LATE BIDS AND MODIFICATIONS OR WITHDRAWALS:** Late bids, modifications of bids, or withdrawals of bids thereof received at the office designated in the invitation for bids after the exact time set for opening of bids shall not be considered unless received before contract award, and either (1) sent by registered or certified mail not later than 5 calendar days before the bid receipt date specified; or (2) sent by mail and it is determined by the Government that the late receipt was due solely to mishandling by the Government after receipt at the Government installation; or (3) sent by U. S. Postal Service Express Mail Next Day Service - Post Office to Addressee not later than 5:00 p.m. at the place of mailing 2 working days prior to the date specified for receipt of bids. (The term "working days" excludes weekends and Federal holidays). However, a modification which is received from an otherwise successful bidder and which makes the terms of the bid more favorable to the government will be considered at any time it is received and may thereafter be accepted.
- 4. BID PRICE DETERMINATION:** Bidders may bid on any or all of the sale areas. Any bidder who provides a zero bid (or blank) on any species/product category shall be considered nonresponsive. Bids for each product shall be evaluated, and the award will be based on the highest financial gain to the Government. When bids are solicited on more than one item, bidders will insert their individual bid prices in the space provided for each item beginning on page 2. The total bid price for each sale area will be used for the purpose of bid evaluation, award, and all phases of contract administration.
5. It will be the duty of each bidder to see that his bid is delivered by the time and at the place prescribed in this invitation. Bids received prior to the time of opening will be securely kept, unopened. The officer whose duty it is to open them will decide when the specified time has arrived. No responsibility will attach to an officer for the premature opening of a bid not properly addressed and identified.

6. Sealed bids (pages 1-4 inclusive) shall be submitted **IN TRIPLICATE** in a sealed envelope addressed to:

**District Engineer
New Orleans District
U. S. Army Corps of Engineers
ATTN: CEMVK-RE-M
7400 Leake Avenue
New Orleans, Louisiana 70118-3651**

and plainly marked in the lower left-hand corner of envelope as follows:

**ATTN: Real Estate Division
BID FOR TIMBER - Inv. No. DACW29-9-16-26
TO BE OPENED AT – 1:00 p.m., March 29, 2016, Room 391**

FAILURE TO PROPERLY ADDRESS AND IDENTIFY SEALED BID MAY RESULT IN FORFEITURE OF BID.

7. The Purchaser, for himself, his successors, and heirs, hereby releases the United States and its officers, agents, or employees from all claim or claims for damages or injury in connection with use of the premises as herein contemplated either to person or property, arising or to arise, from operations of the Government, or from floods of any kind or character, or arising from or incident to any other Governmental activity, and provide further that said release from damages shall extend to any "act of God."

8. The Purchaser will assume responsibility and liability for all injuries to persons or damages to property directly or indirectly due to, or arising out of, the operations of the Purchaser under this contract and the Purchaser agrees to indemnify and save harmless the United States against any and all claims of whatsoever kind and nature due to, or arising out of, this contract area.

9. Specific contract conditions are listed below:

a. This solicitation has one timber sale area that has been marked for disposal and depicted on the enclosed maps as "Timber Harvest Area". Bidders must insert their bid price on the space provided for the item. The sale area has been selectively marked to improve stand health, productivity, and wildlife habitat.

b. Timber harvest operations are authorized through the months of May 1 – Nov 30 only to avoid impacts to Louisiana Black Bear denning season.

c. The contract period for this sale area will expire on **30 Nov 2017**. A 1-year extension may be granted by the Government at 10 percent of the purchase price if written request(s) are made and considered to be in the best interest of the

Government. The buyer shall submit such request(s) to the Chief of Real Estate Division, or a designated representative, at least 10 days before the sale expiration.

d. Trees to be harvested are marked with blue tree marking paint at eye level and on the stump. The timber sale boundaries are marked with pink flagging labeled "Harvest Boundary" to distinguish between stands. The U.S. Army Corps of Engineers property boundaries are marked with yellow paint. All marked trees will be felled. All merchantable products will be removed from the timber sale area. Cutting unmarked trees shall not be permitted.

e. No traffic, including trucks, skidders, or equipment will be allowed to cross through two designated Natural Areas, as shown on the attached map and marked with white flagging and orange flagging labeled "No Cut Area". Felling of trees and cutting of tops are prohibited within these sensitive areas.

f. Felling, skidding, and hauling operations shall be executed in a safe and prudent manner in order to minimize damages to the forest soils and residual stand. Excessively damaged residual trees, or non-designated cut trees, will be sold to the purchaser at rates equal to double stumpage values. All trees shall be topped and delimbed at the point of felling and shall not accumulate an unreasonable amount of slash at the logging set. Logging debris shall be piled near sets when sets are abandoned to create black bear habitat.

g. Skidding of logs over 40 feet may be prohibited in some areas. Logs shall be skidded with ends upraised to reduce scarring and rutting of ground surfaces. No cutting or skidding against baldcypress and / or tupelogum trees.

h. Trees and tree tops shall not be left hanging or supported by other trees. Tops shall be pulled down immediately. Tops and logging debris shall be pulled back 20 feet from public roads and lopped within 150 feet. Trees will be cut so as to leave stumps not more than 12 inches above ground.

i. Purchaser must contact U.S. Army Corps of Engineers representatives to conduct an on-site pre-entry meeting to discuss terms of the Timber Sale Contract prior to logging operations. Pre-entry meeting topics should include discussions on loading site locations, skidder roads, truck haul roads, slash sites, ingress / egress to Louisiana Highway 15, etc., in an effort to minimize harvest impacts to Government property and understand contract specifications thereby avoiding conflicts. An access trail / road currently exists within the harvest area that traverses perpendicular to Louisiana Highway 15. This route has been selected as the "Designated Logging Haul Road" to allow for ingress and egress of logging trucks and equipment.

j. Construction or repair of temporary haul roads will be the responsibility of the purchaser. Equipment and materials to construct or repair temporary haul roads shall be supplied by the purchaser. The purchaser shall be responsible for obtaining permits or easements from State or Parish road departments, if required. Access to the timber sale

area is available across Government property.

k. The purchaser will assume responsibility and liability for the restoration of all haul roads, primary skid trails, and staging areas that are utilized in the timber harvest operation. Haul roads are presently in good condition, and the purchaser shall ensure that logging roads and log sets are smoothed when harvesting is complete. The purchaser shall apply seed to sets and haul roads when logging is complete. The seed type shall be suited to the season when logging is complete. The Government may require the purchaser to delay seed application in the absence of adequate ground moisture. The purchaser shall remove slash (tops and limbs) and other logging debris from stream channels and the rights-of-way of roads on a daily basis. Logging access will be limited to one haul road outlined on the attached map.

l. Harvest operations may be temporarily halted by the project forester if logging operations become poor enough to cause permanent site and soil degradation (wet ground conditions), or if trees are damaged as a result of careless equipment operation. The operation of equipment will not be permitted when the site is wet enough to cause severe rutting.

m. All staging areas, skid trails, stream crossings, and haul roads must be approved prior to placement by the project forester.

n. It will be the responsibility of the purchaser to ensure that the work sites are left free of litter and debris that normally occur during timber harvest operations. The purchaser shall prevent the spillage of any oil, fluid, or other contaminants onto the ground or into waterways during harvesting operations. Any such material will be collected and properly disposed of off Government property. Littering will not be tolerated. Littering in any manner is prohibited and shall be removed daily.

o. It will be the responsibility of the purchaser that all personnel engaged in the harvest operation must comply with the applicable portions of the U.S. Army Corps of Engineers Safety and Health Requirements Manual, EM385-1-1, 2011 Combined Addition and all changes and amendments thereto.

p. The purchaser will assume complete responsibility and liability for any damages that may arise due to negligence in the operation.

q. The project forester must be notified prior to commencing harvesting operations.

r. The project forester may immediately halt harvesting if deemed necessary by noncompliance with these harvesting specifications.

s. Temporary traffic control signs shall be posted to provide warning to vehicle operators of potentially hazardous conditions associated with the harvesting operation, if requested by the project forester. Signs shall be posted at least 500 feet on either side

of locations where log trucks enter main public roadways. The purchaser shall remove all signs upon completion of harvesting.

t. The purchaser shall pay the original per unit bid price if the project forester approves the removal of additional trees while the contract is in effect. The project forester will regularly inspect the purchaser's harvesting operations for contract compliance. Ownership of all forest products remaining on Corps fee lands will revert to the government upon termination of the permit and / or abandonment of the logging operation.

u. Louisiana Best Management Practices must be followed at all times for logging operations.

v. Project forester, Joe Harvey, is available for show-me-trips and on-site pre-entry meetings. Interested buyers should contact Mr. Harvey at (225) 492-2169 to arrange for available times and dates.

10. Forest products offered for sale under the Invitation are subject to inspection by prospective Purchasers. The Government does not guarantee the estimates above, and the failure of any bidder to make such inspections or to be fully informed as to the timber offered for sale and the condition of the areas will not constitute grounds for any claim or adjustment or for the withdrawal of any bid.

11. A representative of this office, Ms. Stephanie Robbins, is available to answer questions at (504) 862-1325, and Mr. Joe Harvey is available for a show-me-trip. Interested buyers should contact Mr. Harvey at (225) 492-2169 to arrange for show-me times and dates.

12. This Invitation, Bid and Acceptance, including all the terms and conditions set forth herein, when accepted by the Government shall constitute the contract of sale between the successful bidder and the Government. Such agreement shall constitute the whole contract unless modified in writing and signed by both parties. No oral statements or representations made by, for, or ostensibly on behalf of either party shall be part of such contract. Neither this contract, nor any interest therein, shall be transferred or assigned by the successful bidder.

13. In the event of failure of the Purchaser to comply with the terms of this contract of sale, the Government may declare the Purchaser in default and he shall forfeit any and all rights held under this contract.

14. During the time that this agreement remains in force, the Purchaser shall independently do all in his power to prevent and suppress forest fires on the sale area and in its vicinity, and shall require his employees, subcontractors, and employees of subcontractors to do likewise. All trucks and tractors used on this sale operation shall be equipped with suitable mufflers or spark arrestors.

15. Access across other than Government-owned lands will be provided by the Purchaser. Access across Government-owned lands will not injure cropland, pasture, or hayland.

16. Any method of logging other than by those set forth in this invitation may be employed only with the advance approval in writing by the Chief of Real Estate Division and under such conditions and restrictions as he may require. The Contractor will be authorized to build, within the limits of the sale area, temporary roads, structures, and other improvements necessary in the logging of the timber included in this contract; **PROVIDED**, that all such roads, structures, and improvements shall be located and operated subject to such regulations as may be prescribed by the Chief of Real Estate Division.

17. All telephone lines, power lines, gas lines, ditches, and fences, located within or immediately outside the exterior boundaries of the sale area, shall be protected so far as possible in logging operations and if injured shall be repaired immediately by the Purchaser. Roads and trails shall at all times be kept free of logs, brush, and debris resulting from the Purchaser's operations hereunder. Any road or trail used by the Purchaser in connection with this sale that is damaged or injured beyond ordinary wear and tear through such use, shall promptly be repaired by him to its original condition.

18. The Government shall not be liable for delays in operation or for loss or destruction of or damage to property of the Purchaser in connection with this contract caused by any of the following perils: fire, lightning, windstorm, cyclone, tornado, hail, explosion, riot, riot attending a strike, vandalism and malicious mischief, earthquake or floods, meaning thereby rising of rivers, streams, and the operation of the reservoir for flood control purposes.

19. Notice by the Government of acceptance of the bid, if not personally made to the successful bidder or a duly authorized representative of such bidder, shall be deemed to have been sufficiently given when mailed in a postpaid or franked envelope to the bidder at the address indicated in this bid.

20. Neither this contract nor any interest therein shall be assigned or transferred by the Purchaser to any other party. (Section 3737, Revised Statutes, as amended; 41 U.S.C. 15.)

21. During the performance of this contract, the Contractor agrees as follows:

a. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, physical handicap, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated fairly during employment, without regard to their race, color, religion, sex, physical handicap, or national origin. Such action shall include but not be limited to the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of

compensation, and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Chief of Real Estate Division setting forth the provisions of this Equal Opportunity clause.

b. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, physical handicap, or national origin.

c. The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency Chief of Real Estate Division advising the labor union or workers' representative of the Contractor's commitments under this Equal Opportunity clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

d. The Contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and by the rules, regulations, and orders of the Secretary of Labor or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

e. In the event of the Contractor's noncompliance with the Equal Opportunity clause of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part, and the Contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11375 of October 13, 1967, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

f. The Contractor will include the provisions of paragraphs a through e in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 13, 1967, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for noncompliance; **PROVIDED**, however, that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

22. A bid executed by an attorney or agent on behalf of the bidder must be accompanied by copies of his Power of Attorney or other evidence of his authority to act on behalf of the bidder. If the bidder is a corporation, the **CERTIFICATE OF CORPORATE BIDDER** must be executed. If the bid is signed by the secretary of the corporation, the **CERTIFICATE** must be executed by some other officer of the corporation under the corporate seal. In lieu of the **CERTIFICATE OF CORPORATE BIDDER**, there may be attached to the bid copies of so much of the records of the corporation as will show the official character and authority of the officer signing, duly certified by the secretary or assistant secretary, under the corporate seal, to be true copies.

23. The right is reserved, as the interest of the Government may require, to reject any or all bids, to waive any defect or informality in bids received, and to accept or reject any bid or portion thereof.

24. Except as otherwise provided in this Invitation, Bid, and Acceptance, any dispute concerning a question of fact arising under this invitation, which is not disposed of by agreement, shall be decided by the Chief of Real Estate Division who shall reduce his decision to writing and mail or otherwise furnish a copy thereof to the Purchaser. The decision of the Chief of Real Estate Division shall be final and conclusive unless within 30 calendar days from the date of receipt of such copy the Purchaser mails or otherwise furnishes to the Chief of Real Estate Division written appeal addressed to the Secretary of the Army. The decision of the Secretary or his duly authorized representative for the determination of such appeals shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent, or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith, or not supported by substantial evidence. In connection with any appeal proceeding under this clause, the Purchaser shall be afforded an opportunity to be heard and to offer evidence in support of his appeal. Pending final decision of a dispute hereunder, the Purchaser shall proceed diligently with the performance of the contract and in accordance with the Chief of Real Estate Division's decision. This condition does not preclude consideration of law questions in connection with those decisions; provided, that nothing in this contract shall be construed as making final the decision of any administrative official, representative, or board on the question of law.

25. Additional copies of this advertisement may be obtained from the Real Estate Division, New Orleans District, U.S. Army Corps of Engineers, 7400 Leake Avenue, New Orleans, Louisiana 70118-3651, or by calling Stephanie Robbins at (504) 862-1325.
