FOR IMMEDIATE RELEASE

South Farm in Sherburne Wildlife Management Area re-opens

PORT BARRE, La. – The U.S. Army Corps of Engineers, in conjunction with our managing partner, Louisiana Department of Wildlife and Fisheries, has re-opened the South Farm Area to all activities.

High water conditions that had inundated the parking lot and trails throughout the farm have now receded, making the area safe to project visitors.

For more information about **recreation** opportunities within the New Orleans District, please visit <http://www.mvn.usace.army.mil/recreation>.
