GULF OF MEXICO

NOTES:

- 1) Updates to table are shown in **Bold**.
- 2) Radio channel #14 should be used to contact lock operators, except Berwick Lock, which uses channel #12.
- 3) For the latest lock status including gage data, check the following Lock Update website:
<http://www.mvn.usace.army.mil/OD/LockUpdates/statusindex.asp>

STRUCTURE	NAVIGATION BULLETIN #	WORK ITEM	EFFECTIVE DATE	COMMENTS
Calumet Floodgate		N/A	Closed until further notice.	This structure was closed in 2005.
Algiers Lock	MVN-13-119	Guidewall construction	22 Oct 13 thru Completion of construction	Work began 22 Oct 2013 and will continue until complete. The lock will only be closed when construction is underway inside the channel but will be open when there is no work going on and only during the day from 7:00 am until 5:00 pm weekdays only.
Old River Lock	MVN-14-06	Gate hydraulic system repairs	28 Jan 14	For one day only on Tuesday, 28 Jan 2014, Old River Lock will be closed intermittently for up to 10 hours between 7 am and 5 pm.
Bayou Sorrel Lock	MVN-14-07	Investigate and possibly remove obstruction	27 Jan 14	For one day only on Monday, 27 Jan 2014, Bayou Sorrel Lock will be closed intermittently from 8 am until approximately 5 pm for divers to investigate and possibly remove obstructions on the north end of the lock on the channel side of the northwest dolphin.
