WIDENING OF THE INDUSTRIAL CANAL

We the residents of the Lower Ninth Ward and others hereby declare our opposition to the Industrial Canal expansion project of the U.S. Corps of Engineer. We believe this project is a direct threat to safety, environment, residential property values, historical continuity, business viability, family and social fabric, as well as, transportation that can not be compensated.

We will not accept this project. We believe the process the Corps of Engineers used is unfair.

WIDENING OF THE INDUSTRIAL CANAL

We the residents of the Lower Ninth Ward and others hereby declare our opposition to the Industrial Canal expansion project of the U.S. Corps of Engineer. We believe this project is a direct threat to safety, environment, residential property values, historical continuity, business viability, family and social fabric, as well as, transportation that can not be compensated.

We will not accept this project. We believe the process the Corps of Engineers used is unfair.
