

**US Army Corps
of Engineers®**
New Orleans District

Join the US Army Corps of Engineers New Orleans District

About the District:

Port Barre, LA is a rural community located in St. Landry Parish approximately 10 miles east of Opelousas, LA on US Hwy 190. It is located a few miles west of the Atchafalaya Basin in the region of Louisiana known as Cajun Country. The local population makes their living working in the oil and gas industry, agriculture, and commercial fishing in the Atchafalaya Basin.

Duties:

Serves as a Natural Resource Specialist (Ranger) for a major water resources development Project within the Atchafalaya Basin. Performs a variety of assignments involving all aspects of project operations and maintenance, including natural resources management, recreation, flood control and navigation. Responsibilities include coordination and management of various project activities related to visitor assistance, fish and wildlife management, forest management, water quality, environmental stewardship, recreation, park administration, public relations, public safety, historic properties management, real estate actions and other related fields.

Job Information:
