

US Army Corps
of Engineers
New Orleans District

ENVIRONMENTAL MITIGATION

The U.S. Army Corps of Engineers, New Orleans District is hosting a Environmental Mitigation - Industry Day

The Corps of Engineers is seeking ideas from the mitigation banking industry, landowners and others for potential projects to compensate for anticipated habitat impacts associated with the Comite, East Baton Rouge and West Shore Lake Pontchartrain Projects (funded under the 2018 Bipartisan Budget Act) and the West Bank and Vicinity and Plaquemines Non-Federal/New Orleans to Venice Projects.

When: September 7, 2018
10 a.m. to 12 p.m.

Where: New Orleans District Headquarters
District Assembly Room (DARM)
7400 Leake Avenue New Orleans, Louisiana 70118

More information concerning mitigation needs for the BBA projects may be found on the Mitigation Website:
<http://www.mvn.usace.army.mil/Missions/Environmental>

Ideas or questions may be submitted to:
Mitigation-Industry@usace.army.mil

Responses to questions will be posted to the Mitigation Website.

Ideas will not be publicly released unless selected for National Environmental Policy Act evaluation

For questions regarding Industry Day, please contact:

Mitigation Senior Project Manager
Soheila Holley
Office : (504) 862-1007
