Operations Manager, Completed Works

Mr. Kyle R. "Chip" Kline, Jr.
Chairman
Coastal Protection and Restoration Authority
Board of Louisiana
Capitol Annex, Suite 138
1051 North Third Street
Baton Rouge, LA 70802

Dear Mr. Kline:

You are hereby informed that the Permanent Canal Closures and Pumps (PCCP), Hurricane and Storm Damage Risk Reduction System (HSDRRS), PCCP-03, Additional Work (W912P8-18-C-0043), in Orleans Parish and Jefferson Parish, Louisiana, has been completed. This contract was completed by the United States pursuant to the 4th Emergency Supplemental Appropriations Act for Defense, The Global War on Terror, and Hurricane Recovery, 2006, (Public Law 109-234, Title II, Chapter 3, Flood Control and Coastal Emergencies); and the 6th Emergency Supplemental Appropriations Act of 2008, (Public Law 110-252, Title II, Chapter 3, Flood Control and Coastal Emergencies).

This contract addressed all items that were excluded from the original PCCP-01 Notification of Contract Completion (NCC), dated May 1, 2018, with the exception of the open-cell ancillary cathodic protection which is still being investigated. Thus, this NCC covers the combi-walls (which are adjacent to the bypass gates), the open cell ancillary flap gates, the dry-chemical fire suppression systems for the SCADA rooms, and the automation of certain louver dampers in the generator buildings. Individual features of this work were inspected as they were completed and the Coastal Protection and Restoration Authority Board (CPRAB) immediately received such for beneficial occupancy/use. All contract work was performed in accordance with approved plans and specifications and meets the design criteria. For operations and maintenance guidance, refer to the Operation, Maintenance, Repair, Replacement, and Rehabilitation (OMRR&R) manual, Volumes 1, 2, and draft Volume 3 previously provided to you.

In accordance with the Project Partnership Agreement between the Department of Army and CPRA (now known as CPRAB) dated September 22, 2008, as amended on March 12, 2010, CPRAB shall undertake the OMRR&R of this completed project feature of the Lake Pontchartrain and Vicinity, Hurricane and Storm Damage Risk Reduction System in Orleans and Jefferson Parishes. In this connection, maintenance is

Mr. Johnny B. Bradberry
Chairman
Coastal Protection and Restoration Authority
Board of Louisiana
State Capitol Building-4th Floor
Coastal Activities
900 N. Third Street
Baton Rouge, Louisiana 70804

Dear Mr. Bradberry:

You are hereby informed that the following Permanent Canal Closures and Pumps (PCCP) contract for the Lake Pontchartrain and Vicinity (LPV) Hurricane and Storm Damage Risk Reduction System, PCCP-01, PCCP 17th, Orleans, and London Canals (W912P8-12-C-0049), in Orleans and Jefferson Parishes, Louisiana, has been completed. This project was completed by the United States pursuant to Public Law (PL) 109-234, Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, Hurricane Recovery of 2006; and PL 110-252, 6th Emergency Supplemental Appropriations Act of 2008.

This Notification of Construction Completion (NCC) is for all contractual features associated with the construction contract for the pumping stations, generator buildings, auxiliary buildings, bypass gates, floodwalls, levees, fuel farms, communications towers, and scour protection, which are separate functional portions of the contract. This NCC does not include the combi-walls (which are adjacent to the bypass gates), the open cell ancillary features (cathodic protection and flap gates), the dry-chemical fire suppression systems for the SCADA rooms, and the automation of certain louver dampers in the generator buildings, all of which are separate functional portions of PCCP. Additional NCC(s) will be issued for these functional portions upon the completion of work for these construction items.

A final inspection of the project was conducted on April 13, 2018, and all contract work was performed in accordance with the approved plans and specifications and meets the design criteria. For operations and maintenance guidance, refer to the operation, maintenance, repair, replacement, and rehabilitation (OMRR&R) manual, Volume 1 and Volume 2, training videos, and the draft PCCP OMRR&R manual previously provided to you. Please note, the final Volume 3 of the OMRR&R manual will be provided in the near future which will provide the final OMRR&R information

associated with the above referenced contract. The final water control plan will also be provided in the near future, which will supplement the information provided in the draft standing instructions.

The following items are hereby provided:

- a. Redline As-built contract drawings – Available on Outward Facing ProjectWise (additional means of electronic exchange can be arranged upon request)
- b. Draft OMRR&R Manual, Volume 3 for PCCP – Available on Outward Facing ProjectWise (additional means of electronic exchange can be arranged upon request)
- c. NCC survey data – Enclosure 1
- d. Draft standing instructions – Enclosure 2
- e. Final inspection attendance roster – Enclosure 3

The punch list items identified during the pre-final inspection have been corrected and inspected by representatives of the Coastal Protection and Restoration Authority Board of Louisiana (CPRAB), formerly known as Coastal Protection and Restoration Authority (CPRA) and by our office.

The NCC survey data includes a table presenting elevations at stations that can be compared to the construction plans. The data represents a centerline profile of the floodwalls and gates. The survey data reflects the elevations of the floodwalls and gates are within the tolerance of the elevations required by the construction plans.

In accordance with the Project Partnership Agreement between the Department of the Army and CPRA (now known as CPRAB) dated September 22, 2008, as amended on March 12, 2010, CPRAB shall undertake the OMRR&R of this completed project feature of the LPV, Hurricane and Storm Damage Risk Reduction System in Orleans and Jefferson Parishes. In this connection, maintenance is construed as keeping all completed works in working condition to serve the purpose for which they were designed. In accordance with Section 1010 of Public Law 113-121, you may appeal this notification.

If there are any questions concerning your OMRR&R responsibilities, please call Ms. Amy Powell, Operations Manager, Completed Works, or Ms. Karen Clement, Assistant Operations Manager, Completed Works, at (504) 862-2241 and (504) 862-2313, respectively.

Sincerely,

Michael N. Clancy
Colonel, U.S. Army
District Engineer
