Mr. Garret Graves
Chairman
Coastal Protection and Restoration Authority of Louisiana
1501 North 3rd Street
Capitol Annex Building
Baton Rouge, Louisiana 70802

Dear Mr. Graves:

You are hereby informed that the contract for the storm-proofing work for interior drainage pump stations in Jefferson Parish, Louisiana, JSP-10, Westminster and Parish Line Pump Stations, Contract Number W912P8-08-D-0082-0002, has been completed by the United States pursuant to Public Law 109-234, Department of Defense, Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006.

A final inspection of the project was conducted on October 12, 2011, and all contract work was performed in accordance with the approved plans and specifications and meets the design criteria. For operations and maintenance guidance, refer to the interim operation, maintenance, repair, replacement, and rehabilitation (OMRR&R) manual, Volume 1 and Volume 2.1-JP. Please see enclosed the following items:

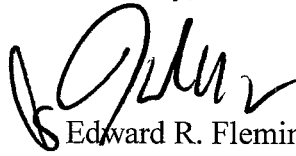

- a. Orleans and Jefferson Parishes Storm Proofing of Existing Pump Stations Operation, Maintenance, Repair, Replacement and Rehabilitation (OMRR&R) Volume 1 – Enclosure 1
- b. JSP-10 OMRR&R Manual Volume 2.1-JP – Enclosure 2
- c. Final Inspection Attendance Sheet (FIAS) – Enclosure 3
- d. JSP-10 As-Built Drawings – Enclosure 4

The punch list items identified during the pre-final inspection have been corrected and inspected by representatives of the Coastal Protection and Restoration Authority Board of Louisiana (CPRAB), formerly known as Coastal Protection and Restoration Authority (CPRA), and by our office.

In accordance with the Project Partnership Agreement between the Department of the Army and CPRAB dated August 31, 2009, CPRAB shall undertake the OMRR&R of this completed project feature.

If you have any questions or comments concerning this matter, please contact me or Mr. Daniel Bradley, Senior Project Manager, at 504-862-2696.

Sincerely,

A handwritten signature in black ink, appearing to read 'E. Fleming', written over the printed name.

Operations Division
Operations Manager, Completed Works

Mr. Johnny B. Bradberry
Chairman
Coastal Protection and Restoration Authority
Board of Louisiana
900 North Third Street
State Capitol - 4th Floor
Baton Rouge, Louisiana 70802

Dear Mr. Bradberry:

You are hereby informed that the following contracts for the storm proofing work for interior drainage pump station in Orleans Parish, Louisiana, have been completed:

- a. OSP-01, 15MW Power Generator for Carrollton Water Plant Power Complex (W912P8-09-D-0016, Task Order 0002), in Orleans Parish, Louisiana.
- b. OSP-01a, Gas Turbine Generator By-Pass Piping (W912P8-15-P-0026), in Orleans Parish, Louisiana.

These projects were completed by the United States pursuant to Public Law 109-234, Department of Defense, Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006.

A final inspection of OSP-01 was conducted on September 30, 2014; and a final inspection of OSP-01a was conducted on February 1, 2016. All contract work was performed in accordance with the approved plans and specifications, and meets the design criteria.

For operations and maintenance guidance, refer to the operation, maintenance, repair, replacement, and rehabilitation (OMRR&R) manual, previously provided you with the Notice of Construction Completion letter for OSP-04B dated October 22, 2014, as well as the additional information enclosed with this letter.

Please see enclosed the following items:

- a. As-built contract drawings - Enclosure 1
- b. OMRR&R information - Enclosure 1

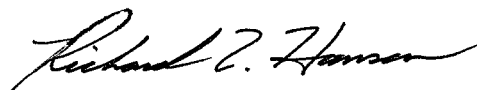

- c. Final inspection attendance roster for OSP-01 - Enclosure 2
- d. Final inspection attendance roster for OSP-01a - Enclosure 3

The punch list items identified during the pre-final inspection have been corrected and inspected by representatives of the New Orleans Sewerage and Water Board and by our office.

In accordance with the Project Partnership Agreement between the Department of the Army and the Coastal Protection and Restoration Authority Board of Louisiana (CPRAB), formerly known as Coastal Protection and Restoration Authority (CPRA), dated August 31, 2009, CPRAB shall undertake the OMRR&R of this completed project feature.

If there are any questions concerning your OMRR&R responsibilities, please contact Mr. Mark R. Wingate, P. E., Deputy District Engineer for Programs and Project Management, at (504) 862-2204.

Sincerely,

Richard L. Hansen

Baton Rouge, Louisiana 70802

Dear Mr. Kline:

You are hereby informed that the contract for the Jefferson Parish Storm Proofing (JSP), Hurricane and Storm Damage Risk Reduction System (HSDRRS), JSP-05a, Pump Station Roof and Wall Repair (W912P8-19-C-0072), in Jefferson Parish, Louisiana, has been completed. JSP-05a was completed by the U.S. Army Corps of Engineers pursuant to the 4th Emergency Supplemental Appropriations Act for Defense, The Global War on Terror, and Hurricane Recovery, 2006, (Public Law 109-234, Title II, Chapter 3, Flood Control and Coastal Emergencies) and the 5th Emergency Supplemental Appropriations Act (Public Law 110-252, Title III, Chapter 3).

A final inspection for JSP-05a was conducted on August 18, 2020. All contract work was performed in accordance with approved plans and specifications and meets the design criteria. For operations and maintenance guidance, refer to the Operation, Maintenance, Repair, Replacement, and Rehabilitation (OMRR&R) manual, Volumes 1, 2, and 3 previously provided to you. Please note, Volume 3 of the OMRR&R manual will be updated in the near future which will provide the final OMRR&R information associated with the above referenced contract.

Please see enclosed the following items:

- a. Redline as-built contract drawings – Available on Outward Facing ProjectWise and for electronic transmission upon request;
- b. JSP-05a Final Inspection attendance roster – Enclosure.

The punch list items identified during the final inspection have been corrected and inspected by Representatives from Jefferson Parish, Coastal Protection and Restoration Authority Board of Louisiana (CPRAB), formerly known as Coastal Protection and Restoration Authority (CPRA), and our office.

In accordance with the Project Partnership Agreement between the Department of the Army and CPRA (now known as CPRAB) dated August 31, 2009, CPRAB shall undertake the OMRR&R of this completed project feature of the Jefferson Parish Storm Proofing (JSP), Hurricane and Storm Damage Risk Reduction System in Jefferson Parish.

If there are any questions concerning your OMRR&R responsibilities, please call Ms. Amy Powell, Operations Manager, Completed Works, or Ms. Karen Clement, Assistant Operations Manager, Completed Works, at (504) 862-2241 and (504) 862-2313, respectively.

Sincerely,
