For operations and maintenance guidance, refer to the operation, maintenance, repair, replacement, and rehabilitation (OMRR&R) manual, Volume 1 and Volume 2, and the Volume 2 Supplemental OMRR&R manual regarding Armoring previously provided to you. Please note, Volume 3 of the OMRR&R manual will be provided in the near future which will provide the final OMRR&R information associated with above referenced contract. The punch list items identified during the pre-final inspection have been corrected and inspected by representatives of the Coastal Protection and Restoration Authority Board of Louisiana (CPRAB), formerly known as Coastal Protection and Restoration Authority (CPRA), and by our office. The Bermuda grass has been established and with proper maintenance should continue to improve in density and root structure.

In accordance with the Project Partnership Agreement between the Department of the Army and CPRA (now known as CPRAB) dated November 6, 2008, CPRAB shall undertake the OMRR&R of this completed project feature of the West Bank and Vicinity, Hurricane and Storm Damage Risk Reduction System in Orleans Parish. In this connotation, maintenance is construed as keeping all completed works in working condition to serve the purpose for which they were designed. In accordance with section 1010 of Public Law 113-121, you may appeal this notification.
