Operations Division  
Operations Manager, Completed Works

5 No. 18

Mr. Johnny B. Bradberry  
Chairman  
Coastal Protection and Restoration Authority  
Board of Louisiana  
State Capital Building – 4<sup>th</sup> Floor  
Coastal Activities  
900 North Third Street  
Baton Rouge, Louisiana 70802

Dear Mr. Bradberry:

Reference the Notification of Construction Completion (NCC) letter for West Bank and Vicinity (WBV), Mississippi River Levee (MRL) contract WBV-MRL 2.2, dated February 7, 2018 (Enclosure 1). This NCC is for the levee functional portion of the contract, as turf is now established and all levee work is complete. Therefore, you are hereby informed that the levee functional portion of the contract for Resilient Features, WBV, Hurricane and Storm Damage Risk Reduction System (HSDRRS), MRL, WBV-MRL 2.2, Oak Point to Augusta Floodwall (W912P8-14-C-0002), in Plaquemines Parish, Louisiana, has been completed. This project was completed by the United States pursuant to Public Law 109-234, Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery 2006.

A final inspection of the levee portion of the project was conducted on October 24, 2018, and all contract work was performed in accordance with the approved plans and specifications and meets the 100-year event design criteria. For operations and maintenance guidance, refer to the interim operation, maintenance, repair, replacement, and rehabilitation (OMRR&R) manual, Volume 1 and Volume 2, previously provided to you. Please note, Volume 3 of the OMRR&R manual will be provided in the near future which will provide the final OMRR&R information associated with above referenced contract. Please see enclosed the following items:

- a. NCC letter dated February 7, 2018 – Enclosure 1
- b. Final As-built contract drawings – Enclosure 2
- c. Final inspection attendance roster – Enclosure 3

The punch list items identified during the pre-final inspection have been corrected and inspected by representatives of the Coastal Protection and Restoration Authority Board of Louisiana (CPRAB), formerly known as Coastal Protection and Restoration Authority (CPRA), and by our office. The Bermuda grass has been established and with proper maintenance should continue to improve in density and root structure.

In accordance with the Project Partnership Agreement between the Department of the Army and CPRA (now known as CPRAB) dated November 6, 2008, CPRAB shall undertake the OMRR&R of this completed project feature of the West Bank and Vicinity, Hurricane and Storm Damage Risk Reduction System in Plaquemines Parish. In this connection, maintenance is construed as keeping all completed works in working condition to serve the purpose for which they were designed. In accordance with section 1010 of Public Law 113-121, you may appeal this notification.

If there are any questions concerning your OMRR&R responsibilities, please call Ms. Amy Powell, Operations Manager, Completed Works, or Ms. Karen Clement, Assistant Operations Manager, Completed Works, at (504) 862-2241 and (504) 862-2313, respectively.

Sincerely,

Michael Clancy  
Colonel, U.S. Army  
District Engineer
