NAVIGATION BULLETIN NO. 19-13

**GULF INTRACOASTAL WATERWAY**  
**HARVEY CANAL SECTOR GATE (UPDATE)**

Reference Navigation Bulletin No. 19-07, dated 18 January 2019, stating that beginning on 14 January 2019 and continuing through 9 March 2019, the Harvey Canal Sector Gate will be closed to navigation from 6:00 a.m. to 6:00 p.m. each day due to necessary guidewall and gate repairs.

**MARINERS ARE ADVISED THAT THE FULL CLOSURE WHICH BEGAN AT 6:00 A.M. MONDAY, 4 FEBRUARY 2019, AND WAS SCHEDULED TO CONTINUE THROUGH APPROXIMATELY 6:00 P.M. FRIDAY, 8 FEBRUARY 2019, HAS BEEN EXTENDED THROUGH 6:00 P.M. ON TUESDAY, 12 FEBRUARY 2019.**

The Harvey Canal Sector Gate and guidewall repair schedule will then return to the structure being closed to navigation from 6:00 A.M. to 6:00 P.M. each day, through 9 March 2019. At times, however, the channel will only be restricted and light vessels may pass at a slow speed on the opposite side of the channel after coordinating with the M/V BIENVILLE on VHF marine channel 13. The U.S. Government plant will move out of the navigable channel at night to allow passage of traffic.

The Harvey Canal Sector Gate is located just south of the Lapalco Bridge, on the Gulf Intracoastal Waterway (GIWW), Mile 2.8, West of Harvey Lock (WHL).

The Algiers Lock can be used as an alternate route.

The point of contact with the New Orleans District is Jeff Olivero at 504-862-2362 (Work) or 504-388-7709 (Cell).
