NOTICE OF EXTENSION OF PUBLIC REVIEW PERIOD

DRAFT EA #597

A draft environmental assessment (EA) #597 and draft Finding of No Significant Impact (FONSI), for the Morganza to the Gulf Project, Surveys and Borings Analysis, Terrebonne and Lafourche Parishes, Louisiana was prepared by the U.S. Army Corps of Engineers, New Orleans District and released for public review on 24 January 2024.

Due to an unforeseen technical issue with the website servers, draft EA #597 and its associated documents may not have been accessible to the public from 24 January 2024 through 29 January 2024.

In order to ensure the public receives the full 30-day review and comment period, the initial deadline for comment submission has been extended an additional 5 days. The public review and comment period will now end on 29 February 2024 and all comments received by midnight on the 29th of February will be included in the final EA.

Comments or questions may be submitted to Ms. Patricia Naquin via email at mvnenvironmental@usace.army.mil or by fax to (504) 862-2088. Ms. Naquin may be contacted at (504) 862-1544 if questions arise.

ERIC WILLIAMS
Chief, Environmental Planning Branch
