

CWPPRA Public Meeting
Instructions to Participate Virtually

Introduction

The CWPPRA Program will incorporate a virtual component into the regularly scheduled in-person public meetings by utilizing WebEx to reach those who are unable to attend face to face. The public is invited to participate. Detailed instructions on how to access the meeting and how to submit comments and questions are provided on the following pages of this document.

You will also have the option to activate your webcam and share your video connection during the meeting. Instructions on how to do so can be found on the following pages. Though not required, sharing your video is encouraged so that our virtual meeting more closely resembles an in-person public meeting.

If you have connection issues, troubleshooting guidance is provided at the end of this document.

How to Request to Speak

Similar to the typical in-person CWPPRA meetings, the public will be given the opportunity to provide comments or ask questions after each agenda item. Because this is a virtual meeting, background noises need to be monitored and **all lines will be placed on a global mute**. Through WebEx, you will be utilizing the Chat Box to submit a request to speak. Once your name is called, you will be directed to dial *6 on your phone to unmute your line. After you provide your statement, you will be directed to dial *6 again to re-mute your phone.

At the bottom of your screen, a row of icons should appear. See image below:

1. Click the **Chat Box icon**. (the green arrow above is pointing directly at the icon)
A chat box will appear on the right hand side of your screen, as shown in the image below:

2. In the chat box, ensure that **'Everyone'** is selected in the drop down menu after **'To:'**
3. Type [**Your first and last name**] in the chat box to indicate that you would like to speak.

4. Press **"Enter"** on your keyboard to send the message.
5. You will be called upon by name and asked to **dial *6 on your phone keypad**. This will **unmute your phone**. A CWPPRA representative will confirm that we hear you and you may provide your statement.
6. Once you have provided your statement, you will be directed to **dial *6 on your phone keypad** again. This will **re-mute your phone**.

*Please remain patient - Your name will be called in the order in which the requests were received.
