MEMORANDUM FOR Louisiana Coastal Wetlands Conservation and Restoration Task Force

SUBJECT: January 2019 Task Force Electronic Vote

1. The Coastal Wetlands Planning, Protection, and Restoration Act (CWPPRA) Program's Technical Committee convened on 6 December 2018, and reviewed the projects being considered for Phase I funding approval under Priority Project List (PPL) 28 and the projects considered for Phase II authorization and funding. The recommendations of the Technical Committee can be referenced in the minutes of the meeting (Encl 1). The October 2018 Task Force minutes and Phase I and Phase II voting results are also enclosed (Encl 2). This electronic vote is in lieu of the January Task Force meeting, which was canceled as a result of the partial federal government shutdown from 22 December 2018 to 25 January 2019.

2. I request an electronic vote from the Task Force regarding the approval of October 2018 Task Force minutes, the recommended approval of PPL 28 projects, and the recommended approval of Phase II projects. Please consider the following motions:

a. The CWPPRA Task Force approves and adopts the minutes from the October 11, 2018 Task Force meeting.

b. The CWPPRA Task Force approves the Technical Committee's recommendation of the following four projects for Phase I funding with a combined Phase I cost of \$13,239,163:

PPL 28 Recommended Projects	Agency	Phase I Cost
Breton Landbridge Marsh Creation (West)	NMFS	\$3,837,364
East Delacroix Marsh Creation and	NMFS	\$3,642,501
Grand Bayou Ridge and Marsh Restoration	FWS	\$3,463,474
Long Point Bayou Marsh Creation	EPA	\$2,295,824
